

# SRE ARRAY CAR

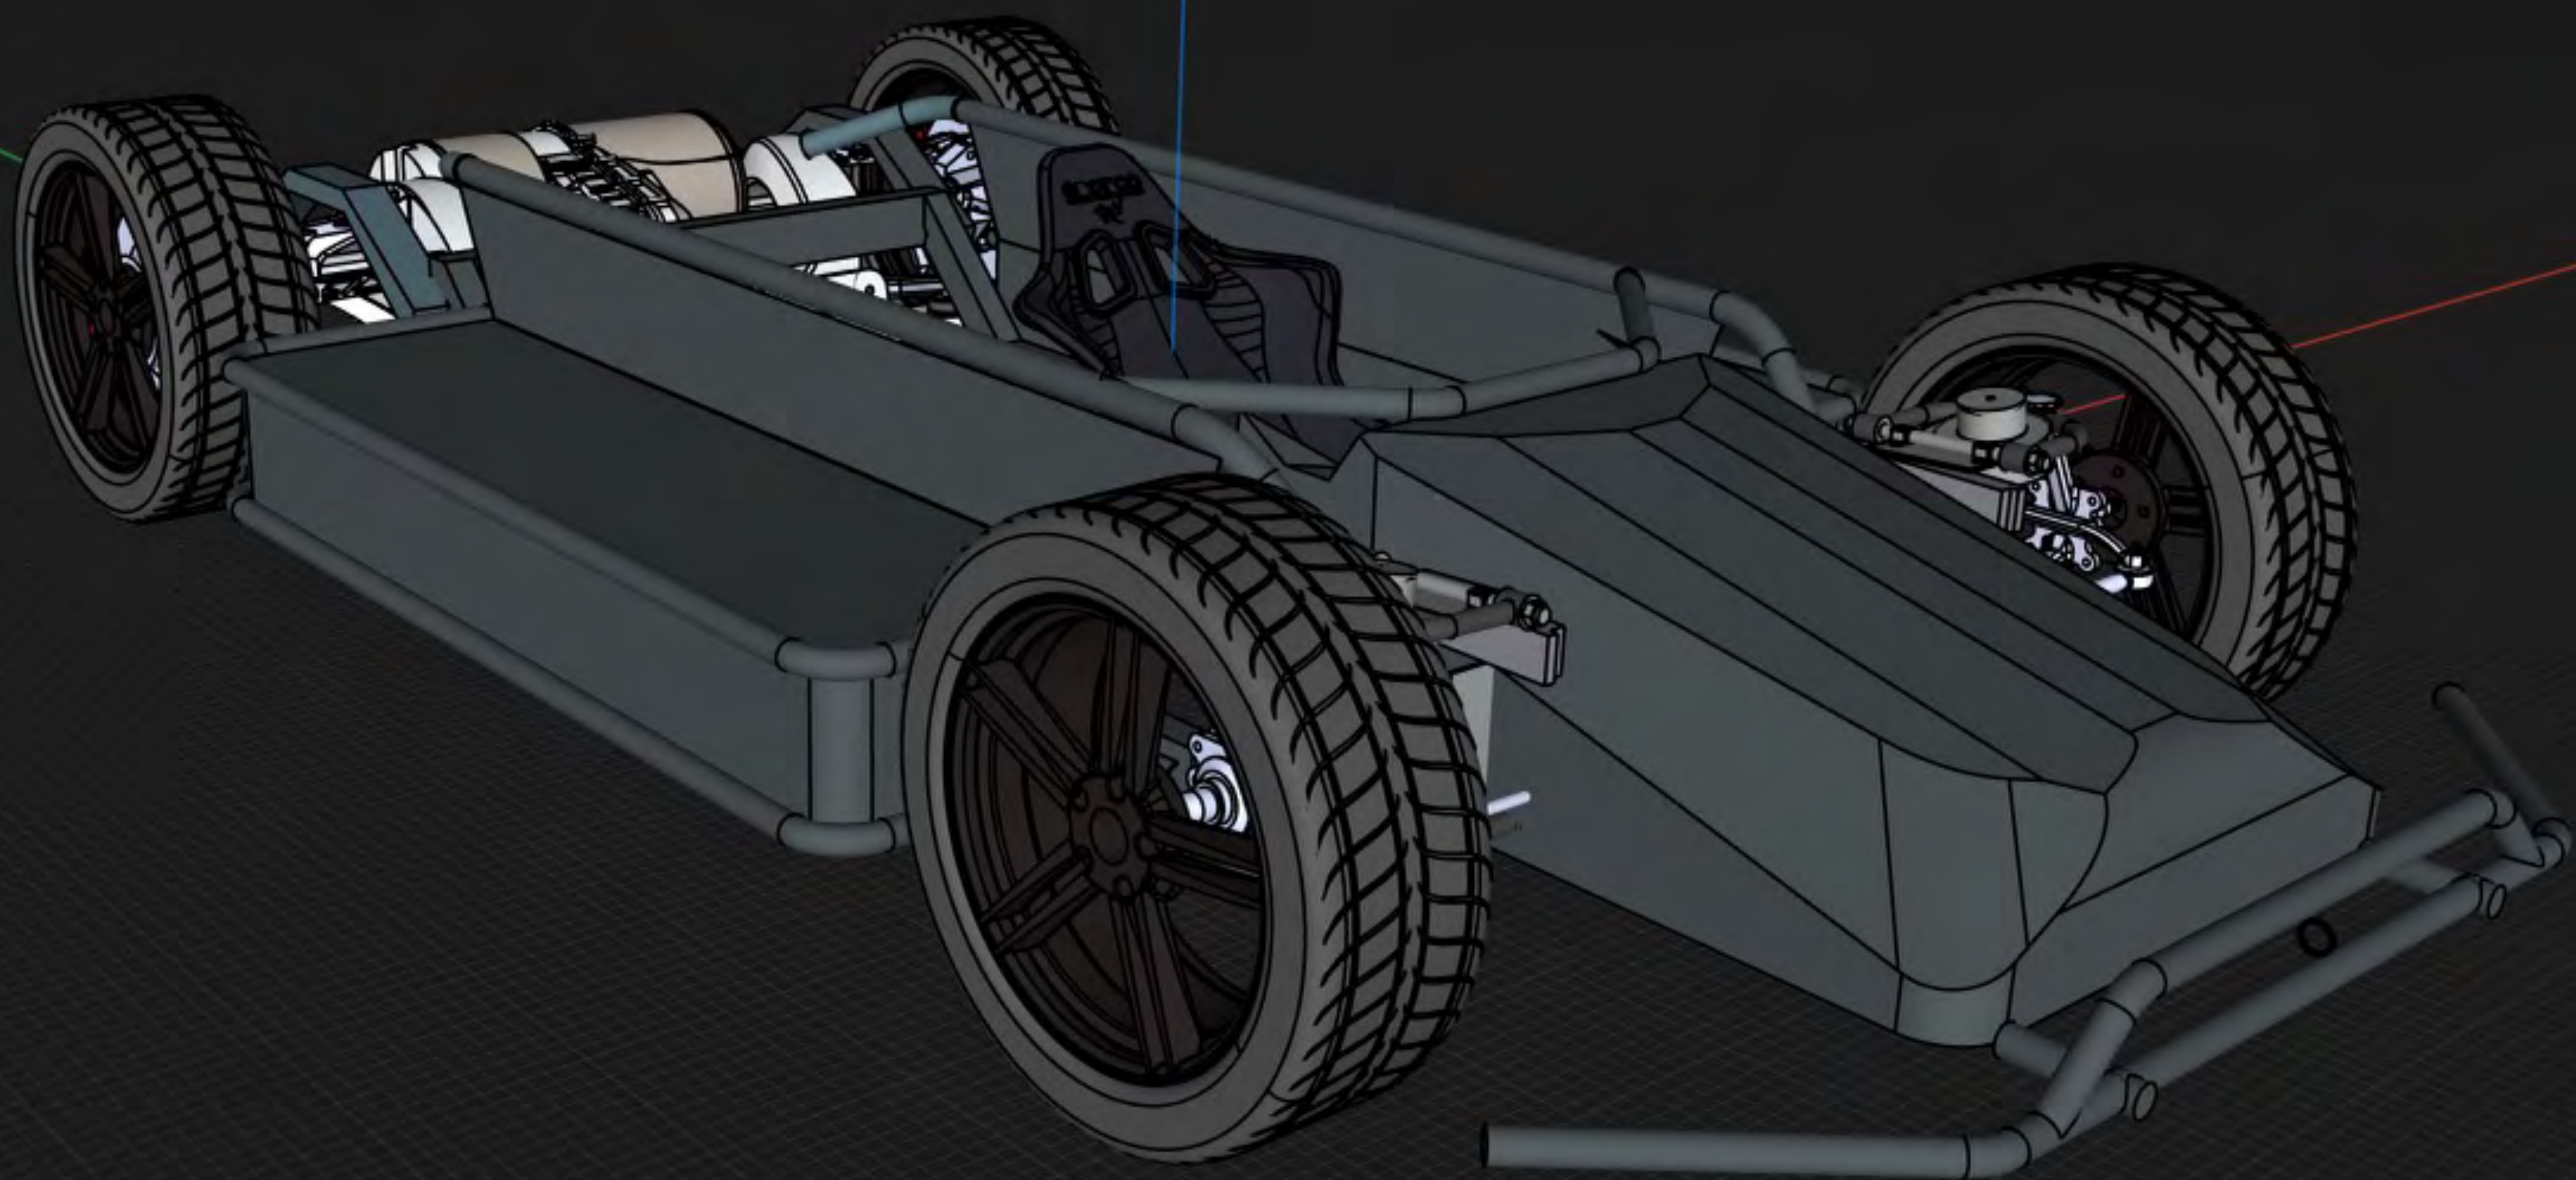

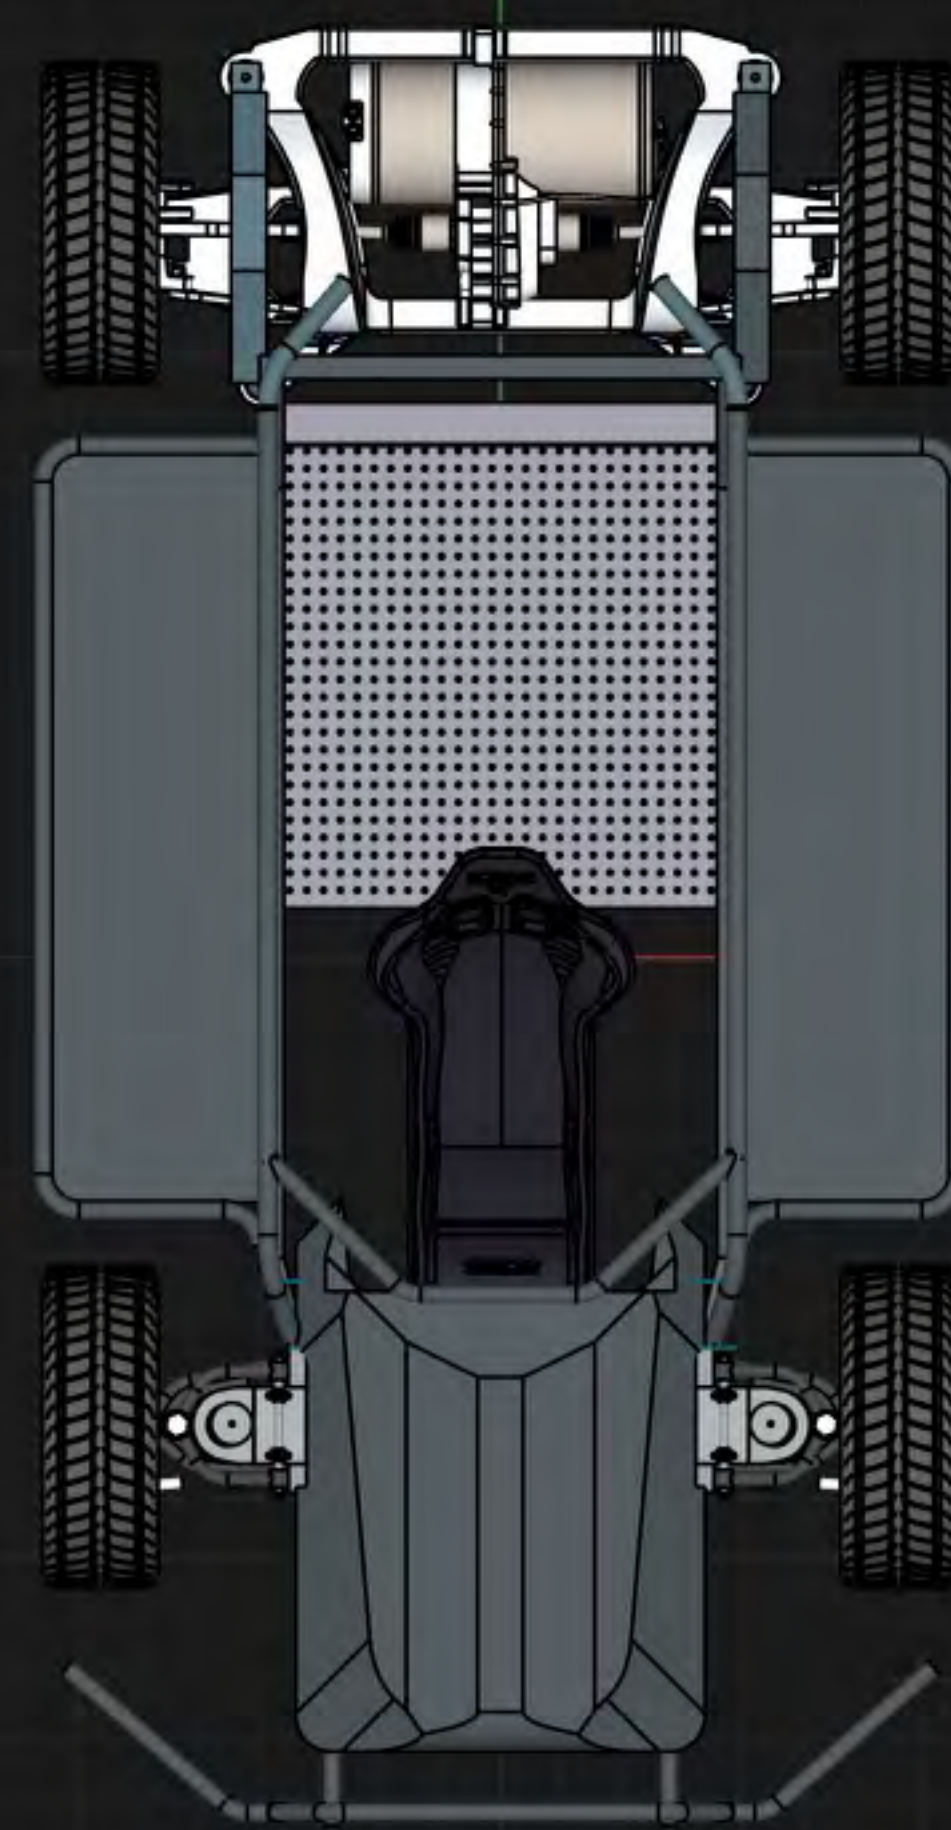

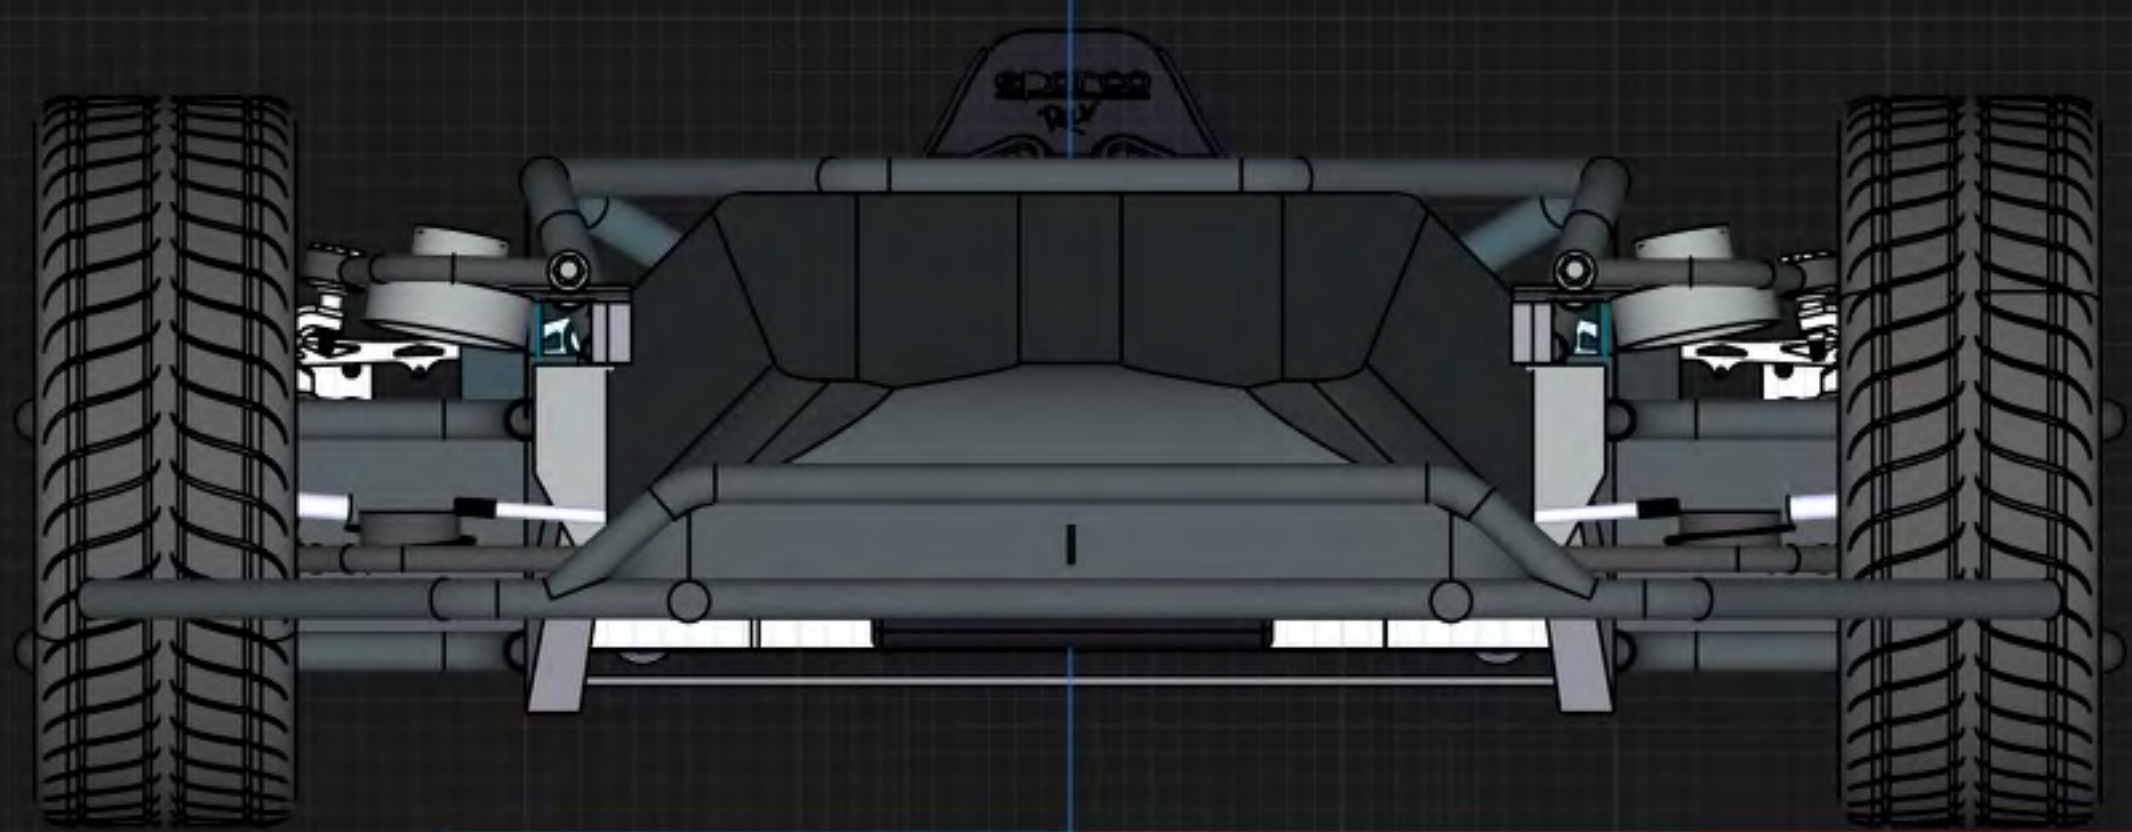

This street-legal, custom-developed capture vehicle pushes the envelope. Its fully electric drivetrain delivers silent operation and butter smooth acceleration, while the formula-style driving position allows a capture position perfect for automotive action!

# 2024 MODEL SRE ARRAY CAR

## FEATURES:

- ▶ 4130 Chromoly chassis masterfully constructed as precise filming equipment
- ▶ Low-profile design (28") for capturing unobstructed 360 degree array plate
- ▶ Center steering for unparalleled driver control and visibility, perfect for dynamic action
- ▶ Fully adjustable coil-over suspension adapts to any terrain, ensuring smooth, stable shots
- ▶ 105 MPH top speed keeps pace with high-speed vehicle action sequences
